

Class 12 Sample Question: (Humanities)

English:

The environment is the natural world around us, including the air we breathe, the water we drink, and the land we live on. It is essential for our survival, as it provides us with the resources we need to live.

The environment is also fragile, and it can be easily damaged by human activities. Pollution, deforestation, and climate change are just a few of the ways that we are harming our environment.

It is important to protect our environment for the sake of future generations. We can do this by reducing our consumption of resources, recycling and reusing materials, and supporting sustainable practices.

1. What is the main purpose of the environment?

- A. To provide us with the resources we need to live.
- B. To protect us from harm.
- C. To provide us with beauty and inspiration.
